

# MASTERBUILT ENTERTAINER

**THE ENTERTAINER** is the swimming pool of choice for those who love to party all summer long. Jump in, chill out, relax and enjoy the delights of the Entertainer range of fibreglass swimming pools in the company of friends. Available in four sizes. The 6.0m and 7.0m pools are 3.5m wide and the 8.0m and 9.0m are 4.0m wide. Designed for entertaining in style, the Entertainer fibreglass swimming pool comes with benches at each end of the pool and feature entry steps down each side of the shallow end to provide easy access to the water. The dimensions of the Entertainer range means that we are sure to have it covered when it comes time to party. Big party or small, the Entertainer has a size to fit. Instead of sitting around wilting in the heat of the midday sun, encourage your friends to jump in and enjoy the cool refreshing water of your Entertainer pool. Adding an Entertainer fibreglass swimming pool to your backyard is likely to take pool parties to a whole new level.
