

MASTERBUILT SERENITY

THE SERENITY is ideal for those lazy days of summer when the only thing you feel like doing is soaking in a pool, all day long. The Serenity range of fibreglass swimming pools are roomy enough for friends to join you and is long enough to allow you to swim a few lengths if you are hit with a sudden burst of energy, although we would not blame you if all you felt like doing was relaxing, as this is what Serenity fibreglass pools are designed for. The Serenity range comes in four different sizes to cater for all families. The 6.5m and 7.5m lengths are 3.8m wide and the 8.5m and 9.5m lengths are 4.2m wide. The design features two benches along one side of the pool and steps in the corner of the shallow end. So whether you want to chill out and enjoy some relaxation or keep fit, the Serenity range of fibreglass swimming pools can cater for every need. From family fun to the fitness conscious with a need to exercise. Install a Serenity fibreglass swimming pool in your home and look forward to endless days of relaxation and happiness.
